## One Minute Film Competition 2019

"Different But Equal" was this year's overall theme for the one minute film competition.

The competition aimed to encourage the idea of equality among all the citizens and to fight all forms of discrimination. Whether you're women or a man, in good health or have a disability, white or dark skinned, from the city or from the village, have strong lineage or a weak one, have a religious belief or not, belonging to a party or organization, it is your rights to enjoy equal rights for all.
